Part II

Employee 1: Our boss is terrific.

Employee 2: Really? How so?

Employee 1: He likes to be popular, so he's really easy-going.

Employee 2: Does that mean he's not strict?

Employee 1: Yes. He always hesitates to correct or punish mistakes and errors.

Employee 2: Doesn't he ever pick people up for mistakes?

Employee 1: Well he does sometimes, but it's usually long after they've happened.

Employee 2: And does he ever hand out praise for good work?

Employee 1: He praises us so often that it doesn't really mean very much.

Employee 2: That all sounds wonderful.
